Over 64 Million Mugshots

Over 530 Million Narratives

LInX Carolinas

➢ **Current Status:**

- **LInX Carolinas users now have access to law enforcement records from ~1700 agencies system wide including 13 LInX Regions, the FED Region, DDEX and N-DEX.**

- **From May 2008 to-date, the total cost to NC taxpayers for LInX Carolinas, has been $113,000**

- **During that time, 100% of the LInX Carolinas annual operating and maintenance costs have been paid by the Naval Criminal Investigative Service (NCIS). Funding is forecast to continue through 2018. Future funding beyond 2018 is likely. However, all funding projections are subject to future appropriations**

- **LInX/D-Dex has been designated as a Homeland Security Priority by the Department of Defense**

- **There are no licensing fees for LInX users. The software is owned by each Region and the contract vendor, NGC, has no property rights to the software**

LInX Carolinas

- **Current Status (Continued):**
  - **In Sept. 2014 LInX Carolinas consisted of 74 NC, 210 SC, and 5 Federal member agencies, plus all of D-Dex**
  - **During the past 17 months, LInX Carolinas has added approx. 110 agencies and currently hosts 184 NC agencies serving approximately 72% of her population.**
  - **The NC General Assembly's appropriation of more than $288,000 for the expansion of LInX has contributed to the current increase and when completed will bring our total to around 220.**
  - **The commitment of funds by the GA will allow LInX to grow to cover an additional 1,993,297 (20%) of NC's population and an additional 5,039 (18%) of her officers. This brings LInX NC population coverage to an astounding 8,663,223 (87%) and sworn officers with the ability to access LInX to 21,446 (79.6%).**

CRISS COPS Grant Modification

- Crystal Cody, CMPD, is currently working on a grant modification request that if approved by both the COPS Office and the Charlotte City Council will make a substantial amount of money available to expand LInX participation in the western part of the state
- The funds will provide for mapping of approximately 56 agencies with a population of approximately 476,480 or 4.77% and add an additional 1,191 sworn officers or 4.71%. If the grant is approved LInX will soon cover approx. 91.77% of NC's population (9,139,703) and 84.31% of our sworn officers (22,637)
- By this time next year LInX will have 261 NC law enforcement member agencies or 67% of the agencies approved for membership based on # of sworn and having a computer records management system

LInX Carolinas Statewide Build Out

- **"Project LInX Statewide Build Out"**
  - **Based on priorities established by the LInX Carolinas Executive Committee, there are 263 NC agencies approved for membership that do not yet have access. These agencies represent approximately 40% of NC's population. Upon completing the mapping of all 263 agencies LInX will serve 99.04% of NC's total population and 97.72% of her sworn officers**
  - **The remaining .96% of NC's population (95,515) live in 96 cities each with less than 10 sworn officers or have agencies with no RMS. The 576 officers in those cities represent 2.28% of NC's 25,269 total sworn**

NOTE: Private, company, park, campus police not already a LInX partner, & several state agency officers are not included in the total sworn

LInX Carolinas Statewide Build Out

- "Project LInX Statewide Build Out"
  - "Project LInX Statewide Build Out" is designed in 3 phases;
    - Phase 1, FY 2015 – Map agencies with 20 or more sworn whose RMS vendors are covered by NGC preferred pricing
      - 38 OSSI; 86 Southern Software; 5 Spillman
      - 129 agencies, estimated cost $1,073,600
    - Phase 2, FY 2016 – Map remaining agencies with 20 or more sworn plus all agencies with 15 to 19 sworn
      - 81 agencies, estimated cost $1,392,250
    - Phase 3, FY 2017 – Map all agencies with 10 to 14 sworn
      - 53 agencies, estimated cost $533,050

LInX Carolinas Statewide Build Out

- **"Project LInX Statewide Build Out"**
  - **The total cost of "Project LInX Statewide Build Out" is estimated to be $2,998,900 over 3 budget years**

NOTE: Recently, Air Force OSI has determined LInX/D-Dex to be an invaluable tool in their efforts to keep Air Force assets safe worldwide. They have committed funding to map LE agencies that impact Air Force bases starting with MacDill AFB in the Tampa Bay area of Florida. LInX Carolinas has submitted a list of 19 such agencies in NC that impact Seymour Johnson and Pope Air Force Bases. This Air Force OSI effort may impact the overall cost of the project in a positive way depending on the availability of Air Force funding and timing
