Details of FR technology...

Computer software uses biometrics to define distinguishable landmarks of the face

Facial landmarks are measured and assigned a numerical value that represents the “face print”

- Distance between eyes
- Width of nose
- Depth of eye sockets
- Shape of cheek bones
- Location of chin
- Length of the jaw line

Other Problem Examples

<u>PROBLEM</u>	<u>EXPLANATION</u>	<u>EXAMPLE</u>
Angle	The ideal angle for the subject is facing the camera	
Focus	The image should be properly focused to see the features in the subject's face.	

Points of Emphasis

- **Facial recognition is sensitive to environmental conditions (focus, lighting, picture background)**
- **Requires human interaction to identify a match**
- **An investigative tool, not a means of definitive identification**
- **Properly used, can help solve cases (including missing persons cases) and save lives**

Boca car-sale fight pits water vs. bullets

BY DARCIE WILLIAMSON
STAFF WRITER

A dispute over a for-sale sign on an expensive sport car erupted into gunfire Thursday morning at an upscale Boca Raton condominium complex, the Palm Beach County Sheriff's Office reports.

Jean Malinowski, 41, has been charged with attempted murder after she fired several shots from a 9mm handgun at her 69-year-old neighbor, reports said.

The two had exchanged words about Malinowski's violation of association rules by storing and advertising cars for sale at the Coach Houses of Town Place complex off St. Andrew's Boulevard, reports said.

The neighbor, Fanny Helguero, who was not struck by the gunfire, turned a water hose on Malinowski in an attempt to fend off further attack, reports said.

Malinowski was released Thursday on \$3,000 bail from the Palm Beach County Jail, officials said.

Helguero, obviously shaken by the attack, declined to discuss it Friday except to say, "I never expected it."

But other neighbors said Malinowski has been issued past warnings about using condominium property as a car lot. They described Malinowski as being volatile and a problem.

The two women are next-door neighbors, reports said. □
