Dear Messrs. Hawley and Wyatt:

Price Waterhouse LLP appreciates the opportunity to assist the state of North Carolina in conducting the Criminal Justice Information Network (CJIN) Study and in producing this final report. The Executive Summary will provide you with an overview of the project, our findings, and our recommendations.

We appreciate the vision and resolve evident throughout state and local organizations as we have worked towards formalizing our plan. The cooperation, support and input of all of the committee members was very helpful and highly valued. Additionally, we would like to recognize the enthusiastic and commendable support of all individuals throughout the state with whom we came in contact during the duration of this study.

We fully support your foresight in undertaking the important first step of initiating the planning process, and encourage your continued commitment to move forward with implementation of the specific projects.

We look forward to further review and discussion of our report.

Yours very truly,

Price Waterhouse LLP
