

Status & Enhancements

CJLEADS Status

- Over 29,000 CJLEADS users in North Carolina
- Over 550 federal, state, and local law enforcement organizations with operational presence in North Carolina are licensed to use CJLEADS.
- Total Offenders: 16.5 M
- Total Records: 54.8 M

CJLEADS Release 15

- CJLEADS is currently working on numerous enhancements that are expected to be released in March 2016.
 - Pre-Trial Release Orders Web Service
 - Real-time web service to NCAWARE to return pre-trial release order conditions for any non-disposed cases
 - Structured Sentencing Report
 - Aids ADAs with compiling offender data need for AOC Form 600 – Structured Sentencing Worksheet
 - Adding Alert for CHP and PPP
 - Proactively alerts Sheriff's Office personnel when disqualifying offenses are filed for CHP and PPP
 - Add From – To Address to Advanced Search
 - Allows to search for offenders by specifying a contiguous address range
 - Enhance Advanced Vehicle Report – Add Owner Type Filter to Search Criteria
 - Facilitates capability to search for vehicles by business name

CJLEADS Future Functionality

- Conversion to HTML5 / SAS 9.4 Upgrade
 - HTML5 is a modernized method of presenting information via the Internet
 - Working to determine timeline – most likely after midyear 2016
 - We will communicate in advance so users know browsers that will work with HTML5
 - HTML5 will eventually replace the Flash environment (which requires a browser download) but not right away – will run in parallel for a while to allow plenty of preparation time.
 - Once fully in production, the new version may have a different look and feel but will have all functionality that we currently enjoy
 - Other efforts per recent legislation
 - Federal Data
 - MCA with DPS has been executed, setting the stage for CJLEADS to establish a web service to access Federal Data; preliminary planning in progress
 - Work towards integrating with LInXs
 - Workshop last month included LEOs; discussed the need to create a web service that could allow bi-directional access based on user roles
 - Next steps: meeting to discuss technical feasibility prior to seeking board approval
- Work with DPS to implement a new intelligence-based case management system

CJLEADS Quick Tips

- DMV Advanced Vehicle Report for LEO:**
This feature allows you to search for vehicles by partial plate, tax county, make/model, year, and/or body type. Navigate to the Reports tab and you will see the report under the General folder.
- HotKeys:**
 - **Ctrl+Shift** - Quick search on DMV Plate or Wildlife Registration Number
 - **Ctrl+Space** - Quick search on DMV Driver's License Number or Wildlife Customer Number
- Quick Copy/Paste**
When you see the clipboard symbol, you can click it and the associated ID will copy onto your clipboard. You can then paste it into other systems.
